Academic
experiences

2021 - Present Senior Lecturer, Program of Architecture, Universiti Teknologi Malaysia

2020 Moderator, International Architecture Design Studio Open Crit 2021 SRMIST (India) and UTM (Malaysia)

2020 External Reviewer, SRMIST (India) M. Arch dissertation discussion.

Non- Academic
Experiences

2007 – Present Architectural Designer & Co-founder, Aiman Nor Izura Design Studio (AN/DS); Kota Tinggi

AN/DS is a collaborative practice that provides thoughtful spatial design, meaningful user experiences in a small-scale architecture. The interest of the studio also dwells within the social sustainability and community engagement projects, including collective planting, installations, visual graphics, and illustrations.

Selected projects:

2020 MSoho office & community area; Kota Tinggi – on-going

2019 IKRAM office; Johor Bahru – *on going*.
Rumah KT; Kota Tinggi - *Completed*

2016-17 Public Skate Park, Angsana, Johor Bahru - *Proposal*
'Malaysia in Focus (MiF)' talk series, organizer; Sheffield, UK.

2016 M House; Bangi, Selangor – *Proposal*
B&N House; Skudai, Johor – *Proposal*

2015 Disaster and Flood Management Design Competition; Malaysia

2014 MH17 Memorial + Park International Competition by
www.matterbetter.com; in collaboration with Khalisah Z, Netherland

2013 Biodiversity improvements to Interval Garden Competition; Sheffield

2013 Dewika House; Klang, Selangor– *Completed*
Shahbuddin House; Seremban – *Proposal*

2012 'London Fold'; in 'Make a Stand' open competition in conjunction to the
London Festival of Architecture's 'Wheel of Chance' event, in
collaboration with Arif Atiq Suzaili (Product designer, Sheffield Hallam
University), London, UK – *Shortlisted*

2011 Kemensah House; Hulu Kelang, Selangor – *Completed*
Lian's Apartment (Interior Retrofit), Kuala Lumpur- *Completed*

2010 Al-Ansar Mosque Design Competition; in collaboration with SZ
Architects; Singapore

2009 AN/DS exhibition; Starbucks, AEON Taman Universiti, Skudai, Johor.

2007 Office (interior), Student Affair Department, UTM; Johor – *proposal*

2008 – 2010

Architectural Designer, SZ Architects Pte Ltd; Singapore

SZA is a small-scale architectural office that provides their services worldwide. I was involved in various addition and alteration (A&A) projects within Singapore –mostly mosques and private houses. Also, in new mix development and private villas design proposals in Middle East, focusing in Sultanate of Oman and Bahrain. Architectural design knowledge, building regulations as well as managerial skills were gained throughout my involvement in these various projects.

2005 – 2006

Architectural Assistant (Intern), Das Azman Architect Sdn Bhd; Selangor

This was a 6-months internship program that introduced me the experience of working in the architectural firm. I was given a chance to experience various projects with different situations; from designing building and signage, observing an on-going construction at site, to building inspections. These included the design of a private bungalow in Putrajaya, technical construction of a Community Center project in Bukit Damansara, building inspection at Kolej Islam Melaka and designed the way finding signage for Prince Court Medical Center, Kuala Lumpur. The exposure to wide-ranging projects and cross-disciplinary engagements, though briefly, has led to extensive architectural learning experiences.

Selected
publications &
conferences /
workshops /
theses

2020

'Temporary Home in Transit Time: Architecture Responses to Post-Flood Disaster in Malaysia.' Theses (PhD). Sheffield, UK. Supervisors: Prof. Renata Tyszczuk and Dr Beatrice De Carli

2017

Nor Izura, T., *'A temporary home in transit time: Architects in Post-disaster in Malaysia'*. PhD research presented at the Design, Engagement and Practice Research Group Seminar, at the School of Architecture, University of Sheffield, UK.

2016

'Post-flood disaster responses: Experiences in Kuala Krai, Kelantan', Presenter at Malaysia in Focus: Talks on Multi-disciplinary Research and Practice public talk; The University of Sheffield, UK.

Nor Izura, T., *'Challenging Practice: post-flood disaster assessment in Malaysia'*. Poster presented for the Doctoral Academy Conference 2016, The University of Sheffield, Sheffield, UK.

Nor Izura, T., *'Recovery and Resettlement: 2006-2007 flood responses in Johor revisited'*. Poster presented for KROTO Research Inspiration Poster Competition '16. Awarded 'High Commended'; The University of Sheffield, UK.

Architecture San-Frontier (ASF-UK) Symposium on *'Challenging practice'*; The University College London, UK. – Participant

2015

Organised a workshop on *'Changing architectural practices in designing for flood-risk scenarios: The case of Kelantan post-flood responses'*; Seksan Design, Kuala Lumpur.

- 2015 Nor Izura. T., Tyszczyk, R., *'Post-flood disaster responses in Malaysia: Kota Tinggi resettlement revisited'*, in: Wisdom of Tropics: Past, Present & Future. Paper presented at the International Joint Conference SENVAR-iNTA-AVAN 2015, Institut Sultan Iskandar (ISI), Universiti Teknologi Malaysia, Johor, pp 6-55 – 6-71.
- 'Post-flood disaster responses in Malaysia'*. Presented at In-house Seminar at Sheffield School of Architecture, The University of Sheffield, UK.
- 'Designing workshop'* workshop; Sheffield School of Architecture, The University of Sheffield, UK. - Participant
- 'Architecture and Resilience on the Human Scale'* Conference; The University of Sheffield, UK - Attendee
- Mercy Malaysia Urban Design / Architectural Workshop on *'Building Resilient Communities and Settlements'*; Kuala Krai, Kelantan - Participant
- 2014 Climate change Research Group Open Meeting: *'How do we do research on climate change?'*; King's College London, London, UK – Participant
- 2013 Nor Izura, T., *'Climate change: From international agreement to national action: The case of Malaysia and architecture'*. Poster presented at the Postgraduate Research Conference entitled *'Translation and transformation'*, The University of Sheffield, Sheffield, UK.
- Brutal Logic of Climate Change*; The Showroom, Sheffield, UK - Attendee
- ESKTN Event: *Flood Risk in Cities*; The University of Oxford, UK - Attendee
- 2012 *'Lessons from Elsewhere: Rethinking of Low-Cost Housing and Renovation in Malaysia.'* Thesis (MSc. SAS), Sheffield, UK. *Supervisor: Dr Lucy Jones.*
- 2008 *'Agrotecture: The Village Chicken Lab'*. Theses (Degree), UTM, Skudai.
