Title of Webquest	Let's Make Our World a Better Place.
Target Class/Age/Level	Intermediate to Advance (Undergraduates)
Overview (Create a situation or setting here)	Kindness is often overlooked as an important elements for us to live in harmony. Random acts of kindness are a wonderful way to reach across time and space to touch the life of another being. Publicizing and raising awareness of the significance of human kindness undoubtedly makes the world a better place.
Introduction	One act of kindness may not change the world but it can change someone's world. This project intends to culture the value of kindness among the younger generation. This webquest provides them with all the information needed to create their poster and video for students' reference for their verbal presentation. Be the one with the most creative idea and stand a chance to win fabulous prizes.
Task (List the outcome of this activity)	You have to think of several simple act of kindness that you can practice in your everyday life. Then, complete these three tasks: <ol style="list-style-type: none">1. Create an individual online poster on Simple Act of Kindness. Share the link in our class' Yahoo Group.2. Produce a video of Simple Act of Kindness in the duration of minimum three minutes and share the link of uploaded video in Youtube in Yahoo Group.3. Present the video in class.
Process (Provide the procedures the group will have to go through to do this activity)	<ol style="list-style-type: none">1. Work in a group of 3 or 4.2. First, generate ideas by viewing a few available resources and draft your creation.3. Then, plan and record your video and upload it in Youtube.4. There is no specific guide line for the video. Students are required to produce any kind of video according to their creativity as long as it relates to the theme.5. Finally, present your video in the class. The best presentation will be announced as the winner.
Resources (Provide the Internet links here - teacher needs to browse and search for relevant websites)	<ol style="list-style-type: none">1. Poster : https://www.postermywall.com/2. Video : https://www.kizoa.com/Video-Editor https://www.youtube.com/ <ul style="list-style-type: none">• Students are free to use any other software or apps that they think suitable.
Evaluation (Provide rubrics here - in this case 3-4 rubrics or 1 comprehensive one)	Evaluation is based on <ol style="list-style-type: none">1. Creativity2. Language use3. Appropriate use of materials4. Teamwork5. Content of the poster and video
Conclusion and Acknowledgment	Now that your poster and video are ready, why not post it in webquest. Credits for this webquest go to:
