

EARTHQUAKE EXHIBITION AT SCIENCE CARNIVAL FOR PRIMARY SCHOOL

On 24th April 2016, SJKT Yahya Awal which situated as Johor Bahru, Malaysia had organized a Science Carnival. The organizer invited us to participate one of their booth exhibition. UTM members opened earthquake exhibition and activities been conducted by UTM team are Introduction to Seismic Hazard, Seismic Design and Construction Competition, Earthquake Demonstration and Video Presentation. This is early exposure for primary school students about earthquake and also increases public awareness on earthquakes. The carnival was opens to public.
