**i CiteScore metrics for journals and serials**

CiteScore metrics from Scopus are:

- Comprehensive
- Transparent
- Current and free

Use this page to find a source and view associated metrics. Use qualitative as well as quantitative metrics when presenting your research impact. Always use more than one quantitative metric. Learn more about CiteScore.

The diagram illustrates the CiteScore calculation process. It shows a timeline from 2013 to 2018. A box labeled 'Documents from 3 years' spans the years 2014, 2015, and 2016. A vertical line labeled 'Citations in 2017' points to the year 2017. An arrow points from the 'Documents from 3 years' box to the 'Citations in 2017' line, indicating that the CiteScore for 2017 is based on documents published in 2014-2016 and citations received in 2017.
