Homework requirements

1. Identification of CLO and ILO

> (a) Identify one (1) Course Learning Outcome (CLO) from your course information for a course that you have taught or will be teaching.

> (b) Identify an Intended Learning Outcome (ILO) related to the above CLO that you wish the students to be able to achieve in a one-hour lesson.

2. Read the handout given on Active Learning (AL) Techniques.

3. Draw a mind map of possible AL techniques that you could use during a one-hour lesson in part 1 (b) above. The mind map should consist of:

> (a) 3 possible AL techniques that could be used at the beginning of the class and for developing the lesson (First 5 – 10 minutes of the class period).

> (b) 3 possible AL techniques that could be used as intermittent activities as the lesson develops (20 – 40 minutes through the class period)

> (c) 3 possible Al techniques that could be used for closure of the lesson (Last 5 – 10 minutes of the class period)

> (d) **learning theory/theories** that support these techniques. You may want to view one or both youtube videos below to get an understanding of learning theories.
