

GROW your own crop of mouthwatering sweet **STRAWBERRIES**

Two delicious modern strawberry varieties that are both heavy cropping and sweet.

NEW! Sweet Colossus (early) - With an impressive average berry weight of 43g each, Colossus certainly is a giant among strawberries, producing enormous conical shaped fruits which are wonderfully sweet and juicy. A fast growing variety, it is easy to maintain and very heavy cropping.

Code: 048PL Price: £18.00 (inc p&p)

Please note: that this variety is supplied as well rooted plug plants which like cold-stored strawberry runners will provide a maiden crop in their first year.

Sweet Colossus

Quality Fruit Suppliers

Bare rooted fruit trees, soft fruit bushes, canes, and vines

Cupid

NEW! Cupid (Late Summer) -Cupid is a delicious late summer variety that combines both superb flavour with outstanding disease resistance.

It performs well on a wide range of soils and growing conditions, producing heavy crops of highly attractive, orange/red fruits that are both sweet and juicy. Bred in the U.K. It shows good resistance to Verticillium Wilt, Crown Rot, Black Spot and Powdery Mildew. Highly recommended

Code: 047 Price: £13.59 (inc p&p)
