- 01 Rethink Remodel**
Green remodeling uses up front planning and research to create a design with wide-ranging benefits.
- 05 The Larger Landscape**
Look beyond landscape materials selection to create a landscape worthy of the term green.
- 06 Patios, Walkways and Paths**
Find materials for firm footing, literally and ecologically.
- 09 Mulch Materials**
Mulches define areas, inhibit weeds, and reduce water use.
- 10 Decks**
Encourage outdoor living with these durable, low-maintenance deck choices.
- 11 Fences, Trellises & Arbors**
Define space with these landscape elements, while protecting natural resources.
- 13 Rockeries & Raised Beds**
Bring your landscape to a new level with these green materials choices.
- 15 Found Objects**
Salvaged, reused, discovered... flex some creative muscle in your own backyard.
- 16 Sheds & Greenhouses**
Thinking of adding a structure to your landscape? Consider these green options.
- 17 Irrigation Systems**
Giving a plant water when it needs it, where it needs it is the key to smart watering.
- 18 Rainwater Harvest**
Put all that water being delivered to your roof for free to good use.
- 19 Accessories**
Outdoor furniture, pots and planters, lighting... green options for outfitting your landscape.
- 20 Resources**
Where to get more information to create your own green home and garden.
