Jury decision for the competition „beyond bauhaus – prototyping the future“

Dear Mrs. Dr. Aida ABK,

Our independent, international jury has reviewed nearly 1.500 applications from 50 countries – and I would like to congratulate you personally!

Your project „SEER-GreenCon“ has been selected as one of the 20 best ideas in the competition „beyond bauhaus – prototyping the future“.

Your submission presents a compelling contribution to pressing social questions and thereby lends a forward-looking solution to the intelligent design of contemporary social space. Thank you for your visionary contribution.

We look forward to welcoming you personally in Berlin at the Aufbau Haus on 16 August 2019 to the award ceremony and official opening of the exhibition of prize-winning works. During the exhibition, you will have the opportunity to present your idea publicly and to network with both your fellow prize-winners and the Berlin creative scene more broadly. We'll contact you shortly to clarify organisational matters.

In order to achieve the most effective and widespread media attention, we will focus our communications into a single press announcement, **on 17 June 2019**. We ask that you refrain from announcing your award or anyone else's until we do so on that day.

Thank you for your understanding.

Congratulations, once again! We look forward to meeting you in Berlin.

Sincerely,

Ute Weiland
CEO
