Publons Researcher Profiles

*“In today’s highly competitive research environment, I am frequently asked to demonstrate my impact. But keeping track of all my contributions is tedious, frustrating, and time-consuming. I have grown exhausted with keeping all of the different profiles and tools up-to-date.”*

## Track more of your research impact

Track your publications, citation metrics, peer reviews, and journal editing work in one, easy-to-maintain profile.

- **All your publications**, instantly imported from *Web of Science*, ORCID, or your bibliographic reference manager (e.g. EndNote or Mendeley)
- **Trusted citation metrics**, automatically imported from the *Web of Science*
- **Your verified peer review and journal editing history**, powered by partnerships with thousands of scholarly journals
- **Downloadable record** summarising your scholarly impact as an author, editor and peer reviewer.

The screenshot shows the Publons website's sign-in page. At the top, there is a navigation bar with the Publons logo, a search bar, and links for ACTIONS, BROWSE, COMMUNITY, FAQ, LOG IN, and REGISTER. Below the navigation bar, there is a breadcrumb trail: Home > Sign in. A prominent blue banner contains the following text: "You can now sign in to Publons, EndNote and Researcher ID with one email address and password. We recommend you sign in to Publons using your usual email address and reset your password. This will update your password for Publons, EndNote and ResearcherID. If you use different email addresses across existing accounts or have any other questions, [find out more here](#)." Below the banner is a sign-in form titled "Sign in to continue with Publons". The form has two columns. The left column contains input fields for "Email address" and "Password", a "Forgot password?" link, and a "Sign in" button. The right column contains a "Not a member yet?" section with a "Register" button. Below the "Sign in" button, there are social media icons for Google, ResearcherID, and LinkedIn, with the text "or sign in using". At the bottom of the form, there is a disclaimer: "By signing in, you acknowledge and agree to our [Terms of Use](#) and [Privacy Statement](#)." and a link: "Need help? Contact Customer Care."

# Easy to add publications to your profile

1. Import publications directly from *Web of Science* via your Private Dashboard.
2. Import publications from ORCID, DOI/title search, or by file upload
3. Validate which publications are yours and add them to your profile.

# Claim your publications from *Web of Science*

Claim your publications directly from *Web of Science* and export to your Publons profile.

*Note: If you have a pop-up blocker, you will need to disable this to be able to claim your publications from within Web of Science.*

The screenshot displays the Web of Science interface. At the top, navigation links include Web of Science, InCites, Journal Citation Reports, Essential Science Indicators, EndNote, Publons, and Kopernio. The main header reads "Web of Science". Below this is a search bar and navigation options like "Tools", "Searches and alerts", and "Search History".

The search results section shows "Results: 32,723 (from Web of Science Core Collection)". The search criteria are "TOPIC: (gills)". A "Create Alert" button is visible. The results are sorted by "Date".

Two search results are listed:

# Add reviews and editorial records for non-partnered journals

We verify these records behind the scenes and add the records to your profile.

## How to find and add old reviews

The quickest way to add past reviews to your profile is to forward 'receipts' for those reviews to [reviews@publons.com](mailto:reviews@publons.com).

Review receipts are emails from an editor on receipt of your review, *not* invitations to review.

Search your inbox for these receipts using the steps below

- 1 Go to your inbox and search these common terms:  
"Thank you for reviewing (journal name)"  
"Your review for (journal name)"  
"Review received (journal name)" 
- 2 Copy and paste the text from any receipts you find into your search box to look for more receipts that use the same terms. 
- 3 Forward each message you find to [reviews@publons.com](mailto:reviews@publons.com) and you're done! We'll verify your reviews with the journal and add them to your profile. 

Forward your review receipts to us as often as you like. Check our FAQs or email us at [info@publons.com](mailto:info@publons.com) for more information.

- Email review receipts ('Thank you for reviewing emails) to [reviews@publons.com](mailto:reviews@publons.com)
- Manually enter review details from your private dashboard.

The screenshot displays the Publons profile for Elisabeth M. Bik, a Science Editor at Research, uBiome. The profile includes a navigation menu with options for Summary, Metrics, Publications, and Peer review. Key statistics are shown: 24 publications, 7,194 total times cited, an H-index of 18, 156 verified reviews, and 3 handling editor records. The profile is divided into several sections: Verified Editorial Board Memberships (listing 3 Microbiome, 34 The ISME Journal, and 9 Frontiers in Microbiology); Editorial records (manuscripts handled as editor) (listing 3 Microbiome); Journals reviewed for (listing 34 The ISME Journal, 20 Plos One, 11 Journal of Applied Microbiology, 9 Frontiers in Microbiology, 8 Scientific Reports, 7 Applied and Environmental Microbiology, 5 Nature Communications, 4 Clinical and Translational Gastroenterology, and 4 Dental Research Journal, and 4 Pediatrics); and Open pre-publication reviews (listing a review for 'Self-Sampling for HPV Testing: Increased Cervical Cancer Screening Participation and Incorporation in International Screening Programs' on Preprints.org, reviewed in May 2018).

# Track your impact over time

Compare review metrics with everyone on Publons or with researchers in select fields using the filter.

The screenshot displays the Publons profile for Elisabeth M. Bik, a Science Editor at Research, uBiome. The profile includes a navigation menu (Summary, Metrics, Publications, Peer review) and a summary of key metrics: 24 Publications, 7,194 Total Times Cited, an H-Index of 18, 156 Verified Reviews, and 3 Handling Editor Records. Two charts show 'Elisabeth M. Bik's impact over time' from 2007 to 2018, with one chart for Publications and Times Cited, and another for Reviews. Below these are 'Publication metrics' (H-Index: 18, Sum of Times Cited: 7,194, Average Citation per Item: 312.78, Average Citation per Year: 327) and 'Review metrics' which allow for comparison with other researchers or fields (e.g., Microbiology). The review metrics section shows 156 verified reviews (98th percentile) and 9 verified editorial records (98th percentile). An 'Average review length' chart compares Elisabeth M. Bik's review length to all reviewers, uBiome, and Stanford University.

# New evidence of service and standing

It is no longer enough to just be doing great research; you also need to demonstrate that you are contributing to your profession more broadly. Peer review is an important means by which researchers can contribute to the growth of their profession, and demonstrating that you have done a certain amount of peer review (via a verifiable means such as Publons) proves that you are indeed making contributions to the greater good of research. This is an excellent change in research culture and the criteria by which researchers are judged, because it encourages more researchers to contribute to their research field more broadly. This is needed to ensure high quality research worldwide.

# Loved by researchers

Publons is a perfect way to keep a validated track-record of contributions. This is a great way to keep my activity organised and documented for academic documents like CV and promotion applications.

Timothy R. Angeli  
Research Fellow - Auckland Bioengineering Institute, The University of Auckland

My Head of Department gave me specific feedback on two aspects of my [promotion] application. One was my teaching, the other was my Publons profile. It really stood out that someone could verify what I had done in terms of peer review. Needless to say that my Head of Department is a physicist, so he likes evidence!

Matthias Lein  
Senior Lecturer, School of Chemical and Physical Sciences, Victoria University of Wellington

A photograph of a person's hand pointing at a document on a table. The table is covered with various papers, including one with a circular diagram and another with a grid. There are several colorful sticky notes (pink, green, blue) scattered across the papers. A laptop is visible on the right side of the table. The background shows other people working at desks in an office setting. The overall image has a blue and yellow color cast.
