

## EXPERT REPORT

1. Haryati Yaacob and **Mohd Rosli Hainin**, Impacts of Climate Change to Frictional Properties of Road Surface. Fundamental (FRGS) Vot 78242 Research Management Centre, UTM, 2013
2. **Mohd Rosli Hainin**, Engineering Properties Of Hot Mix Recycling Asphalt Mixtures GUP Research Grant TIER 2 01J84, 2012
3. Hasanan Md Nor, **Mohd Rosli Hainin** and Azman Mohamed, “Structural Evaluation of Modified Concrete Block Pavement- Underside Surface Modification”, Fundamental (FRGS) Final Report Vot 78556, Research Management Centre, UTM, 2012
4. **Mohd Rosli Hainin**, “Engineering Properties of HMA with POFA”, Fundamental (FRGS) Final Report Vot 78009, Research Management Centre, UTM, 2010
5. **Mohd Rosli Hainin** and Arafat Yero Sulaiman, “Use of Sasobit in Warm Mix Asphalt Mixtures”, Final Report (IGRS) Vote 78918, Research Management Centre, UTM, 2010
6. **Mohd Rosli Hainin** and Gatot Rusbintradjo, “Modified Bitumen Using Oil Palm Fruit Ash in Hot Mix Asphalt Mixtures”, Final Report (IGRS) Vote 78921, Research Management Centre, UTM, 2010
7. **Mohd Rosli Hainin**, Che Ros Ismail, Abdul Aziz Chik and Othman Che Puan “Evaluation on Fundamental Properties of Hot Mix Asphalt Mixes As Related to Permeability”, Final Report Vot 75196, Research Management Centre, UTM, 2006
8. Che Ros Ismail, **Mohd Rosli Hainin** and Abdul Aziz Chik, “Guidelines for Patching Works”, Final Report Vot 75188, Research Management Centre, UTM, 2006
9. Brown, E.R., **Hainin, M.R.**, Cooley, L.A. Jr., and Hurley, G. “Relationships Between Air Voids, Lift Thickness and Permeability of Hot Mix Asphalt Mixtures.” Final Report 9-27, National Cooperative Highway Research Program, Washington,USA, 2004.
10. Hasanan Md Nor, Che Ros Ismail, Abdul Aziz Chik and **Mohd Rosli Hainin**, “Evaluation of Past Performance and Establishment of New Construction Method for Interlocking Concrete Block Pavement ”, Final Report Vot IRPA 72339, Research Management Centre, UTM, 2004
11. Cooley L.A.Jr, Prowell, B.D., **Hainin, M.R.**, M.S. Buchanan, and J. Harrington. “Bulk Specific Gravity Round Robin Study Using Corelok Vacuum Sealing Method” National Center for Asphalt Technology Report No. 02-11, USA, 2002.
12. Othman Che Puan, Abdul Aziz Chik, Che Ros Ismail and **Mohd Rosli Hainin**, “Drivers Car Following Headway on Single Carriageway Road”, Final Report Vot 71620, Research Management Centre, UTM, 2002
13. Brown, E.R, Cooley, L.A.Jr., Huner, M., and **Hainin, M.R.**, “Relationship of In-Place Air Voids, Lift Thickness and Permeability of Hot Mix Asphalt Mixtures” Interim Report 9-27, National Cooperative Highway Research Program, Washington,USA, 2001.

14. Othman Che Puan, Abdul Aziz Chik, Che Ros Ismail and **Mohd Rosli Hainin**, "Merging Process on Urban Dual Carriageway", Final Report Vot 71323, Research Management Centre, UTM, 2001
15. Cross, Stephen A., **Hainin, M.R.** and Alex Adu-Osei."Effects of Segregation on Mix Properties of Hot Mix Asphalt." Final Report No. K-TRAN:KU-96-6. Kansas Department of Transportation, Topeka, KS, USA, 1998.
16. **Mohd Rosli Hainin** and Hasanan Md Nor, "Performance of Recycled Asphalt Pavement with Palm Oil as Rejuvenator", Final Report Vot 61341, Research Management Centre, UTM, 1994
17. Othman Che Puan, Jamaludin Mat, Che Ros Ismail, and **Mohd Rosli Hainin**, "Laporan Teknikal Kajian Pengurusan Lalu Lintas Rancangan Tempatan Taiping", Technical report submitted to Majlis Perbandaran Taiping/JPBD, Jun 1993.
18. Othman Che Puan, Jamaludin Mat, Che Ros Ismail, and **Mohd Rosli Hainin**, "Traffic Impact Assessment for 'Cadangan Pembangunan Bandar Baru Majidee, Johor Bahru'", Technical Report submitted to Perbadanan Kemajuan Ekonomi Negeri Johor/MPJB, Dec 1993.
