**Centre for Composites
UTM**

ECO-CARE

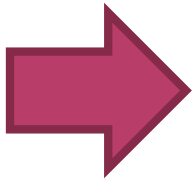

- How much do we concern about our environment
- 255 kg/day from one in UTM

NEEDS

Protection of :

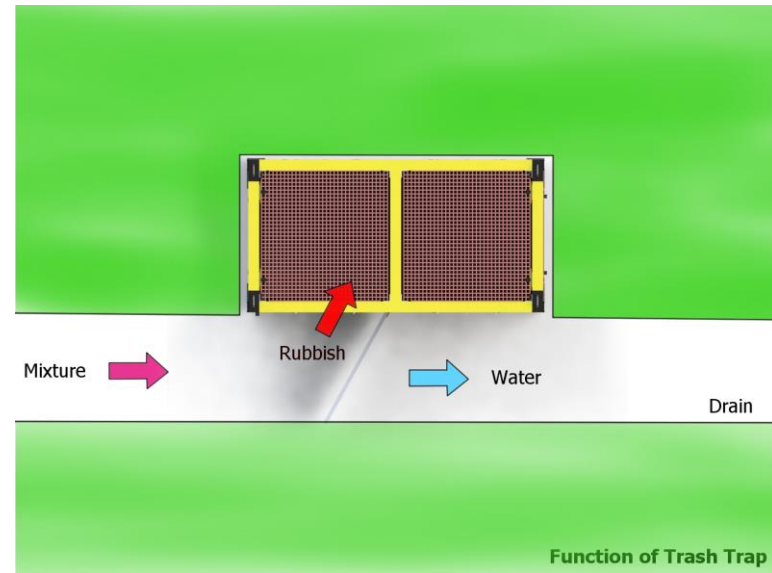

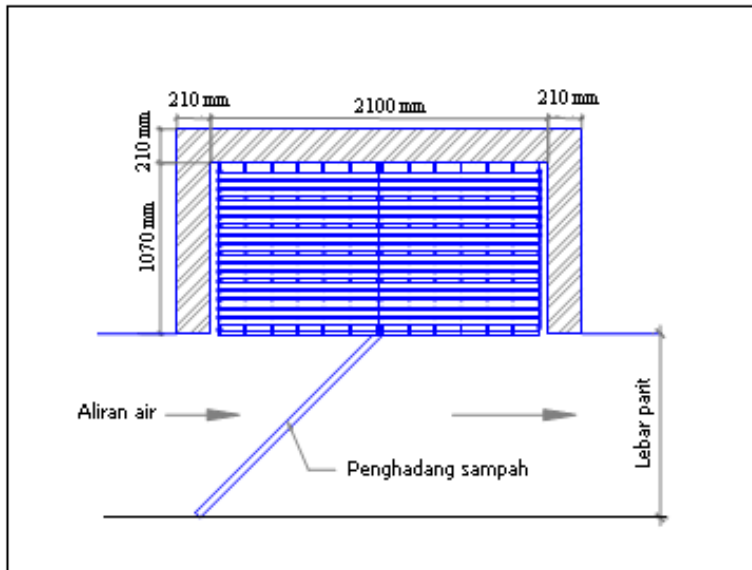

- ⦿ Assets (Flash flood)
- ⦿ Environment (River)
- ⦿ People (Sickness)

THE SOLUTION....

- Several types of rubbish :
 - Rubbish
 - Oil
 - Sediment
 - Etc.

PRODUCT DESCRIPTION

BENEFITS

- Students attraction (income)
- Healthy living and study environment
- World Class image

Are we serious protecting the ecosystem like lake and river in UTM?

“Prevention is
better than
cure..”

THANK YOU
