Educational Policy Analysis Debates and New Learning Technologies in England 2371
Elfneh Udessa Bariso, Action for Health, Education and Development (AHEAD), UK

Learning Analytics 2379
Luis de-la-Fuente-Valentín, Universidad Internacional de La Rioja, Spain
Alberto Corbi, Universidad Internacional de La Rioja, Spain
Rubén González Crespo, Universidad Internacional de La Rioja, Spain
Daniel Burgos, Universidad Internacional de La Rioja, Spain

Living in Exponential Times and the Personalization of Our Data Streams 2388
Debbie Samuels-Peretz, Wheelock College, USA

The Digitally Excluded Learner and Strategies for Success 2400
Virginia E. Garland, The University of New Hampshire, USA

Category: Educational Technologies

3D Media Architecture Communication with SketchUp to Support Design for Learning 2410
Michael Vallance, Department of Media Architecture, Future University Hakodate, Japan

Affect Awareness Support and Communication Technologies in Education 2424
Hippokratis Apostolidis, Aristotle University of Thessaloniki, Greece
Thrasyvoulos Tsiatsos, Aristotle University of Thessaloniki, Greece

An Interoperable ICT Educational Application for TOEIC Preparatory Study 2433
Yasushige Ishikawa, Kyoto University of Foreign Studies, Japan
Reiko Akahane-Yamada, ATR Intelligent Robotics and Communication Laboratories, Japan
Mutsumi Kondo, Tezukayamagakuin University, Japan
Craig Smith, Kyoto University of Foreign Studies, Japan
Yasushi Tsubota, Academic Center for Computing and Media Studies, Kyoto University, Japan
Masatake Dantsuji, Academic Center for Computing and Media Studies, Kyoto University, Japan

An Overview of Artificial Intelligence in Education 2445
Molly Y. Zhou, Dalton State College, USA
William F. Lawless, Paine College, USA

Analyzing and Predicting Student Academic Achievement Using Data Mining Techniques 2453
Eric P. Jiang, University of San Diego, USA

Classic Programmed Instruction Design and Theory 2462
Robert S. Owen, Texas A&M University, USA
Bosede Aworuwa, Gloria Domini Academic Consultants, Nigeria

Current Status and Future Directions of Blended Learning Models 2470
Michael C. Johnson, Brigham Young University, USA
Charles R. Graham, Brigham Young University, USA

Emergent Forms of Technology-Influenced Scholarship 2481
Royce Kimmons, University of Idaho, USA

Exploring Perspectives on Social Media in Higher Education 2489
Abigail G. Scheg, Elizabeth City State University, USA

Hypermedia and its Role in Learning 2495
Vehbi Turel, The University of Bingol, Turkey

ICT Impact Assessment in Education 2506
Nafisat Afolake Adedokun-Shittu, Universiti Utara, Malaysia
Abdul Jaleel K. Shittu, Universiti Utara, Malaysia

Informing the Design of Future Literacy Technologies with Theories of Cognitive Science 2516
Michael C. Mensink, University of Wisconsin-Stout, USA
Mark Rose Lewis, University of Wisconsin-Madison, USA
Jeremy Wang, University of Minnesota, USA

I-Schools and the Present Worldwide Trend and the Indian Scenario 2525
Prantosh Kr. Paul, Indian Institute of Engineering Science and Technology, Shibpur, India
D. Chatterjee, Institute of Engineering and Management, India

Learning Management Technology and Preservice Teachers 2535
Molly Y. Zhou, Dalton State College, USA

Learning Processes during Online Discussions 2544
Gaowei Chen, University of Hong Kong, China
Ming Ming Chiu, Purdue University, USA

Literacy Learning and Assessment for the Digital Age 2555
April Marie Leach, Northcentral University, USA

Pedagogical Agents in 3D Learning Environments 2572
Theodouli Terzidou, Aristotle University of Thessaloniki, Greece
Thrasyvoulos Tsiatsos, Aristotle University of Thessaloniki, Greece

Quantum Information Science and a Possible Domain for Future Information School 2582
Prantosh Kr. Paul, Indian Institute of Engineering Science and Technology, Shibpur, India
D. Chatterjee, Institute of Engineering and Management, India

Serious Games and the Technology of Engaging Information 2591
Peter A. Smith, University of Central Florida, USA
Clint Bowers, University of Central Florida, USA

Teaching in Visual Programming Environments 2600
Wilfred W. F. Lau, The University of Hong Kong, China
Allan H. K. Yuen, The University of Hong Kong, China

Technology Integration in a Southern Inner-City School 2609

Anika Peschl, University of Duisburg-Essen, Germany

Technology, Social Innovation, and Social Entrepreneurship in the Quadruple Helix 2897
Sally Eaves, Sheffield Hallam University, UK

Category: Environmental Science and Agriculture

Arsenic Removal from Drinking Water Using Carbon Nanotubes 2908
Kauser Jahan, Rowan University, USA
Kenneth Sears, Rowan University, USA
Jaimie Reiff, Rowan University, USA
Sarah Dores, Rowan University, USA
Paulina Kruszewski, Rowan University, USA
Shawn Williams, Rowan University, USA

Dendrochronology and Climate Change 2917
Mostafa Jafari, Islamic Republic of Iran Meteorological Organization, Iran

Ecosystem Wetlands Restoration Approach for Sustainable Development Planning 2931
Carolina Collaro, Nova Gorica University, Italy

Environmental Informatics for Sustainable Development 2942
Carlos Granell, European Commission - Joint Research Centre, Institute for Environment and Sustainability, Italy
Sven Schade, European Environment Agency, Shared Environmental Information System (SEIS) Support Programme, Denmark

Environmental Scanning 2955
Barbara Holland, Brooklyn Public Library, USA

Towards Low-Cost Energy Monitoring 2965
Aqeel H. Kazmi, CLARITY: Centre for Sensor Web Technologies, Ireland & University College Dublin (UCD), Ireland
Michael J. O'Grady, CLARITY: Centre for Sensor Web Technologies, Ireland & University College Dublin (UCD), Ireland
Gregory M.P. O' Hare, CLARITY: Centre for Sensor Web Technologies, Ireland & University College Dublin (UCD), Ireland

Category: Ethics and Social Responsibility

Cyber Behavior 2972
Rotimi Taiwo, Obafemi Awolowo University, Nigeria

E-Human Rights 2981
Kay Mathiesen, University of Arizona, USA

Ethical Computing 2991
Wanbil W. Lee, The Computer Ethics Society & Wanbil and Associates, China

Ethics in Health Informatics and Information Technology 3000
Keith Lui, The University of Western Australia, Australia

Laws Related to Web and Digital Application Accessibility 3011
Holly Yu, California State University— Los Angeles, USA

Category: Gaming

Can Video Games Benefit the Cognitive Abilities of the Elderly Population? 3022
Paulo Correia, Instituto Superior Manuel Teixeira Gomes / GAME ISMAT, Portugal
Brigite Henriques, Instituto Superior Manuel Teixeira Gomes / GAME ISMAT, Portugal

Ecology of Games as a Framework for Analysing E-Government Project Implementation 3031
Shefali Virkar, University of Oxford, UK

Gamification 3039
Lincoln C. Wood, Auckland University of Technology, New Zealand & School of Information Systems, Curtin University, Bentley, Australia
Torsten Reiners, School of Information Systems, Curtin University, Australia

Gamification Design Elements in Business Education Simulations 3048
Torsten Reiners, School of Information Systems, Curtin University, Australia
Lincoln C. Wood, Auckland University of Technology, New Zealand & School of Information Systems, Curtin University, Bentley, Australia
Sue Gregory, University of New England, Australia
Hanna Teräs, Curtin University, Australia

Increasing the Trustworthiness of Online Gaming Applications 3062
Wenbing Zhao, Department of Electrical and Computer Engineering, Cleveland State University, USA

Video Game Genres 3070
Lars Konzack, University of Copenhagen, Denmark

Category: Gender and IT

Critical Study of Gender and Teacher-Designed Interactive Educational Websites 3078
James M. Perren, Eastern Michigan University, USA

Gender and Technology 3087
Diane Fulkerson, University of South Florida Sarasota-Manatee, USA

Gender, Body, and Computing Technologies in the Science-Fiction Film 3093
Rocío Carrasco-Carrasco, University of Huelva, Spain

Category: Geographic Information Systems

Critical Information Literacy in the Geographic and Information Sciences 3103
Ardis Hanson, University of South Florida, USA
John Abresch, University of South Florida, USA

Developments of the Digital World of Remote Sensing and GIS, Their Comparison to, and the Importance of the Human Side of Information Reference Services 3113
Joyce Gosata Maphanyane, University of Botswana, Botswana

Geographic Information Systems (G.I.S.) for the Analysis of Historical Small Towns 3128
Assunta Pelliccio, University of Cassino and Southern Lazio, Italy
Michela Cigola, University of Cassino and Southern Lazio, Italy
